Various Scriptural citations from the Proverbs are included in the Lesson-Sermon: "Happy is the man that findeth wisdom, and the man that getteth understanding. . . . She is a tree of life to them that lay hold upon her; and happy is every one that retaineth her. My son, let not them depart from thine eyes: keep sound wisdom and discretion: so shall they be life unto thy soul, and grace to thy neck. . . . Understanding is a wellspring of life unto him that hath it."
Among the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is the statement, "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle."

No Saloons In California, Say State Officials
Liquor Control Act Prevents Return of Old-time Barroom
SACRAMENTO, (U.P.)—In the event the 18th amendment is repealed, there still will be no saloons in Torrance or any place in California.
"This was the statement of state officials who called attention to the liquor control act passed by the legislature and approved by the governor in answer to allegations that the old-time saloons was 'coming back.'"
The measure, which becomes effective only if the national prohibition law is repealed, specifically provides the following restrictions:
"No public saloon, public bar or barroom or other public drinking place where intoxicating liquor to be used for any purpose shall be kept, bought, sold, consumed or otherwise disposed of, shall ever be established, maintained or operated within this state."
"Liquor contained in original packages may be sold in retail stores where such liquor is not consumed and is not sold to be consumed on the premises where sold, subject to the provisions of this act and other applicable provisions of law."
As is provided in the present law covering the sale of 22 beer and wine, the liquor act states that "in hotels, boarding houses, restaurants, cafeterias and other public eating places, wines and beer may be served and consumed with meals furnished in good faith to the guests and patrons thereof."
Under other provisions of the control bill, the power to tax and otherwise regulate the sale and distribution of liquor is vested in the state. Licenses will range from \$100 a year for wholesale dealer and importer's licenses to \$1 a year for a medical alcohol license.
Violation of any terms of the law would be termed a misdemeanor and subject a person to a \$500 fine, a six-months county jail sentence or both.
